

High School Principal report to the School Board  
December 9, 1013

1. The end of the first semester is December 20th. Students are currently preparing for semester tests and exams. Exams will follow a schedule for students to take extended finals and semester tests December 18, 19 and 20.
2. The second semester schedule is nearly complete after adding study halls and making class adjustments as needed.
3. The Student Senate would like to ask approval for a Pennies for Patients Fundraiser. I have attached the request and proposal.
4. We continue to offer concurrent enrollment classes through NICC and Hawkeye through our CTE programs. We are exploring adding more of these courses. Entrepreneurship and Business Ethics are the newest additions for second semester.
5. 90 seniors are beginning the plans for graduation. We will be analyzing transcripts to assure that each has the needed course work in January.
6. Curricular PLCs for second semester will be addressing the upcoming 1 to 1 initiative at the high school. We will be working through policy and usage issues that may arise in the classroom.
