Middle School Board Report

1. Our Professional Development on November 11th focused on our MTSS process in the middle school. This year we have begun to screen all students in the areas of reading, math, and social emotional health. Our staff looked at the FAST system and what the data is showing us about our school. Staff then worked to identify next steps in each of the areas.
2. Career Week was held Nov 4-8. This was the first year for Career Week to be held in our new school. The students did a great job with interviews again this year. Thanks to all that helped make this happen for our 8th grade students.
3. Thanks to everyone that welcomed the community into our building for our Community open house. There was a lot of positive feedback for our new building and the experiences we are able to offer to our students.
