Middle School Board Report

1. Our Professional Development on November 13th was devoted to teacher work time at the middle school. Teachers used the time to reach out to students that are quarantined. Teachers also added more learning opportunities in their online classrooms.
2. Parent teacher conferences went very well this year with them being done virtually. The middle school teachers handed the traffic flow in their personal zoom rooms very efficiently. Mr. Cantu was able to show some tips on how to turn the Ipad into a camera that could connect into zoom and many teachers took advantage of this showing student work examples.
