## Middle School Board Report

1. Middle School staff were in inservice last Monday and we continued our preparation for IASAP testing, we discussed plans for Midmester, and had work time for classroom planning.
2. Middle School Musical "Forty Five Minutes from Broadway" will be held 3/17 and 3/18. The cast will have a dress rehearsal for the 5th and 6th graders on the 16th. I want to Thank all of the hard work put in by our students as well as Mrs. Cantu.
3. It has still been a learning curve for me with the IASAP and I appreciate the help I have been getting from Mr. Manson and Mrs. Kayser-Kemp in setting things up. The middle school staff have been excellent in making sure we get practice tests scheduled with chromebooks so students can get familiarized with the layout of IASAP. Thanks to Mr. Cantu for getting the chromebooks ready as well.
4. We had our Quarter 3 reward party on Friday the 11th and the kids had a lot of fun bowling, skating, watching a movie at Sunset Theater, and staying active at the Cresco wellness center which included swimming. Students have been working hard to receive these PBIS awards.
5. 5th graders enjoyed their trip to the state capital and the Science Center on March 8th. It was a great day with many positive comments that were talked about all week. Students were excited to see all the levels of the capital and the many marvels of science.
6. We were able to have an assembly at the end of the day on March 15th, the students heard about their growth areas within their grade levels, why ISASP tests are important, and what we will have for an incentive if growth or proficiency is shown on this year's tests.
