

Elementary School Board Report

June 20, 2022

- We had a wonderful end to the 2021/22 school year. Students celebrated their positive behaviors with their 4th quarter TRIBE parties, which included trips to the park and bowling. It was a year full of new learning for me and I enjoyed getting to know all the students and staff throughout the year. I'm looking forward to beginning year 2 at New Hampton Elementary.
- Summer School began today at the elementary school. It will run from June 20-July 1 and July 11-July 22. Literacy is the main focus of summer school and teachers are using Really Great Reading's Science of Reading Summer School program, which correlates with the RGR interventions students received throughout the year. They will also be working on writing and math skills.
- Preparations for next school year are underway:
 - Handbooks have been revised for the 2022-23 school year
 - School Supply lists have been updated
 - Professional Development schedule is drafted
 - Class list have been approved
 - Orders have been approved and are ready for ordering in July.
