

High School Board Report February 19, 2024

1. Our IBN students have been working on an Opportunity Fair that will take place March 12th from 1-7 pm. Students will be learning about job opportunities in the area and Colleges. This has been in partnership with the New Horizon Chamber, Economic Development, and NICC. It will be open to the public as well to help our community find resources needed to further career opportunities.
2. Our MOC students did Mock Interviews on February 9th as practice for future employment opportunities. We would like to thank the area businesses that came in to help with this activity.

3. We continue to explore credential opportunities and programs that are needed for our students and the community. We had a meeting with a new Dean at NICC along with

other community leaders to showcase New Hampton and get support for further Partnerships. One major area discussed was looking for ways to help our Non-native speaking families with support learning English.

4. Our business department applied for a grant to bring Microsoft certification opportunities to our students. The state is looking to award 1.7 Million Dollars to schools looking to create credential opportunities. We hope to be awarded that grant this spring.
5. Jamison Porath qualified as an individual for the State Bowling Tournament on February 21st.
6. Our Boys' Wrestling team were District Champs and sent 8 to the individual tournament!
