

### High School Board Report March 20, 2023

1. Parent teacher conferences were on March 14th and March 17th. During conferences, we had class meetings with parents to discuss registration and events students and parents needed to know for next year. Some of the topics included FAFSA, ACT, services and activities at the high school.
2. Our ISASP testing will begin on March 27th for 9-11th grade students. We look forward to seeing student growth over the year as we make plans for next year.
3. Our ESSA team has been meeting during professional development completing the SAMI process. From this activity, we will be planning action steps for next year and professional development for staff to help meet the needs of our students.
4. NAMI was here meeting with our junior and senior students giving them tools to help meet their mental health needs. Our staff was introduced to this group at our last professional development. Students were encouraged to speak up if they see something and were given tools to help themselves and friends.
5. The New Hampton FFA Participated at the NE District Leadership Development Events on 3/11/23.
  - Karla Pickar in Ag Broadcasting received a 1st place Gold and is advancing to State.
  - Ag Impact: members-Troy Federspiel, Braden Manson, Connor Stumme, Preston Hubka, and Marjorie Reicks received a silver.
  - Chapter Website: Receiving a silver were Kandice Eggerichs and Gracie Reicks
  - Experience the Action: members were: Beth Pickar, Ethan Praska, Quinten Reicks, and Maddie Schaufenbuel received a gold award.
  - Job Interview: Grace Maloy received a silver.
  - Greenhand Test: Olivia Eichenberger and Rebecca Wickman received Gold awards, Jennifer Eichenberger received a silver award, and Weston Praska received a bronze Award.
  - Chapter Degree Test: Madalyn Van Wey, Carrie Schwickerath and Aleah \ Eichenberger received gold awards.

6. Our band performed the Parade of Bands on March 6th and the Jazz Dessert Show on March 5th.

Great job 5-12 bands performing at the Parade of Bands!

6 DAYS AGO, MATT MANSON

7. PBL Projects in action in Mrs. Leistikow's 9th grade science class.

Seeing lots of progress and, more importantly, movement with PS racers!  
With Race Day fast approaching, more work to do to meet minimum distance and speed goals!

5 DAYS AGO, KYLE HENNESSY
