

High School Board Report March 18, 2024

1. Iowa Statewide Assessment of Student Progress (ISASP) will take place beginning March 20, 21, and 22 for our 9-11 students. Teachers and students have been working hard this year and we look forward to our student results!
2. Our Marketing students have been working to create flyers promoting our Career and Technical Education Programs at our school. These draw attention to the courses offered and peak interest for registration that is underway at the high school for next year.
