Subject: Propane Autogas Dispensing System

Propane Autogas Fueling Station pricing

Option 1: District purchasing Dispensing Equipment & 1-1000 gallon Tank

- Dispenser/Pump/Cabinet
- Tank-1-1000 gallon.
 - \$15,750.00 purchase price.

Option 2: Lease to own Dispensing Equipment & 1-1000 gallon tank:

- Dispenser/Pump/Cabinet/Tank
 - District would make yearly payments of \$5,250.00 for a period of three years. After that time Dispensing equipment and tank will become property of School District.

Terms of option 2:

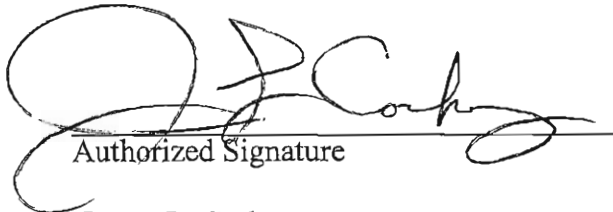

- First payment due following installation of Propane Fueling Station.
- New Hampton School will agree to purchase propane from AgVantage FS during the term of the lease.

Option 3: AgVantage will lease Dispensing Equipment & 1-1000 gallon tank. AgVantage maintains ownership.

- New Hampton School will agree to purchase propane from AgVantage FS for a minimum of 5 years. There will be no lease or rental charges on the Dispensing Equipment or Tank. AgVantage will add another 1000 gallon tank as propane powered buses are added to fleet. There will be no rental charge on additional tank. After the five year period New Hampton School can continue to lease equipment and tanks at no charge. AgVantage FS maintains ownership.

**New Hampton Community School District
Propane Fueling Station**

We, the undersigned, have carefully reviewed the bid for School Bus Propane Fueling Stations and in accordance with the specifications and conditions, hereby propose and agree to furnish to the New Hampton School District all work as defined in this bid. We, the undersigned, further agree to enter into a written contract to furnish such materials and services as required in the bid specifications. This proposal is subject to all terms of the specifications and bid conditions.
