

1. We have been working hard building student schedules and teachers have done a great job moving items back around in their rooms. I need to give a shout out to the custodians who have been moving stuff back and forth as we set our rooms up this year. The Middle School building looks great inside and out with floors, windows, trimming all taken care of.
2. Registration is going well, we have 77% complete at the Middle School as of 8/10/2023.
3. We welcomed new staff on the 16th, Nicole Sanford (7th ELA), Jessica Moore (Nurse), and Hannah Jenkins (ELL), also we welcomed Patti Brandenburg, Areli Valdez, and Debra Wright as paraprofessionals in the middle school.
4. Teachers first day back was August 17th. We looked at Achieve3000 and how we can implement that intervention across grade levels and worked with the AEA on some training they had prepared for us.
5. We have a middle school open house scheduled from 4:00 - 6:00 with a 5th Grade Orientation taking place from 5:00 - 6:00 on the 21st. Students and parents will get a chance to hear from grade level teachers, get a chance to walk their schedules, check the building out again, practice their padlocks, and drop their items off in their lockers for the first day of school.
6. Middle School sports will start on the first day of school which is the 28th and fall camps all went well.
7. PBIS expectations will be gone over on the first two early-out days, students will also go through their technology bootcamp to manage their devices. The 5th grade iPads and cases are here and ready to go. Thank you for getting those ordered for the kids and to Mr. Cantu and helpers for getting them ready for student use.
8. Thrillshare/Webpage: I think it has been a great central location for the community to get information, Thanks Kyle Hennessy for getting information out there and keeping this up to date for the district.
9. Kwik Star Cards: We have them in the office and will be doing our fundraiser this year, just not right away. These cards can be used at the pay at the pump.
10. As a staff this year we will continue to improve our building culture with students, be our best each day, and motivate learners. We look forward to implementing PBL into our classrooms as much as we are able to as a staff.

Some pictures of room arrangements, Teachers are getting ready to knock another school year out of the park!

*Charging new iPads.
