

Middle School Board Report August 19, 2024

1. We have been working hard building student schedules and teachers have done a great job moving items back around in their rooms. I need to give a shout out to the custodians who have been moving stuff back and forth (including an entire classroom wall) as we set our rooms up this year. The Middle School building looks great inside and out with floors, windows, trimming all taken care of.
2. Registration is going well, we have 82% complete at the Middle School as of 8/15/2024.
3. We welcomed new staff on the 15th, Cael Kruger (MS/HS P.E.), Joanne McAvoy (At-Risk/Empowerment), and Lanette Pint (Special Education), and we also welcome Julie Denner to our building as a paraprofessional.
4. Teachers first day back was August 16th. We had a staff meeting to discuss new curriculum and interventions like Achieve3000 and how we can continue to implement that intervention across grade levels. A lot of work we be done around the Lets training as well.
5. We have a middle school open house scheduled from 4:00 - 6:00 with a 5th Grade Orientation taking place from 5:00 - 6:00 on the 21st. Students and parents will get a chance to hear from grade level teachers, get a chance to walk their schedules, check the building out again, practice their padlocks, and drop their items off in their lockers for the first day of school.
6. Middle School sports will start on the 27th and fall camps all went well.
7. PBIS expectations will be gone over on the first two couple days of school, students will also go through their technology bootcamp to manage their devices. The 5th grade iPads and cases are here and ready to go. Thank you for getting those ordered for the kids and to Mr. Cantu and helpers for getting them ready for student use.
8. Thrillshare/Webpage: I think it has been a great central location for the community to get information, Thanks Kyle Hennessy for getting information out there and keeping this up to date for the district.
9. Kwik Star Cards: We have them in the office and will be doing our fundraiser this year, just not right away. These cards can be used at the pay at the pump.
10. As a staff this year we will continue to improve our building culture with students, be our best each day and motivate all learners. We look forward to implementing PBL into our classrooms and working on delivering a new math curriculum this year.

*Some pictures of rooms getting ready , Teachers are getting ready to knock another school year out of the park!
