Middle School Board Report

1. Mr. Rude took two students to present at Ford's Theater. Great job Quintin and Liliana. Look forward to this process happening again next year!
2. Our Teen-2-Teen group met with our 8th graders and took them on a tour to the high school on May 10th. Students learned about what to expect next year and attend a short class. Great video on Twitter by Dr. Updegraff showing the first school fight song at the high school!
3. Our MS band and Choir performed at the annual Spring Concert on May 6th. Thanks to all of the hard work of Mrs. Adam and Mrs. Cantu.
4. Looking forward to the move to the new building! Staff is working on packing things up and we will be getting all of our stuff ready to be moved beginning May 28th.
5. Congratulations to all of the spring track programs that finished conference meets on May 10th. Our 7th grade boys team won conference! All teams represented the Chickasaw way during the meets!
6. Our 5th grade visited the Suhr Dairy farm as well as participated in the Norman Borlaug field day. We battled the rain for the Dairy farm, but had great weather for the Borlaug day! Thanks for allowing our students to see local opportunities that affect the world!
7. The 8th grade did Rocket Day on May 16th. Thanks for everyone that helped allowing our students to learn about Newton's Laws and build something many have never experienced.
8. The 7th grade participated in a Civil War Reenactment in Nashua on May 17th. This is always a great way to bring history to life!
9. Special thanks to all of the teachers who have worked hard all year to give our students an outstanding education. Without your dedication and hard work, our school would not be what it is today! Thank you!
