

1. Kwik Star Fundraiser - We plan to purchase games/activities that students can do here for quarterly activities instead of taking trips like have been done in the past. Each grade level will have sets of games so they do not need to be shared as much. The PBIS team is looking at ways to incorporate these games into friendly competitions and a potential traveling trophy. Last year, the fundraiser netted \$7,533.
2. Virtual Assembly for Homecoming, Mr. Rude ran the zoom and the homerooms had fun with trivia and class lead speeches about Chickasaw Tribe Pride.

3. Teachers began screening students for reading at Monday's professional development we will talk about progress monitoring and Interventions that can be administered to help students achieve higher scores.
4. IXL Reading was purchased to go along with IXL math and this program will be used as a common 5-8 intervention on the iPad and will allow all teachers consistent programming while ELA teachers can float and give target interventions in homerooms during the intervention time.
