

## May 2020 Activities Report

- A Normal Board Report for April would include: T&F Qualifier participants, golf sectional/regional information, baseball/softball numbers, and Trapshooting meet results.
- Unfortunately, Summer Sports have been put on hold until an announcement is made. I have heard this may be coming on May 22<sup>nd</sup> but for certain before June 1<sup>st</sup>.
- NEIC AD's are meeting weekly to talk about summer/fall changes as we receive more guidance from the IHSAA/IGHSAU.

### Wrestling Room Update

- The Bid from H2I includes all floor areas, bleachers for the team to meet at, and wrestling mats and wall pads. Some of the existing black wall pads will be used from the original room.
- Sandy Sign Shop has taken pictures of the existing room history and the layout of the walls in the new room and has been working on draft on how we can bring the history over to the new room.
- The pipe insulating is nearly done and is looking great. The next steps will be to clean and paint, install the lights and heating and cooling runs, and construct a floating floor. At this point the rubberized floor and wrestling pats and wall pads can be installed.
