Buff and Re-coat the two bathrooms during this time as well.

- Customer to provide power and dumpster for waste.
- Working area must be clean and dry prior to HTF arrival.

- Temperature must be a minimum of 60 degrees Fahrenheit.

ACCEPTANCE OF TERMS:

Terms and conditions of this contract only take place when both parties have agreed to scope of work and price. Negotiation may take place if scope or price is indifferent. We ask that the customer give as much information about their facility as possible to make accurate decisions in putting the best possible system down in your facility. HTF Solutions, LLC sales representative, and Job Foreman will evaluate every floor, wall, or pipe prior to installation for proper structural conditions. Some aspects of the floor may not be initially detectable, such as deeper concrete issues. If for any reason HTF encounters an unknown problem with the structure of the walls, floors, or pipes, they may increase the price or terminate the project with the owner's approval and acknowledgement of termination.

TERMS OF PAYMENT

If applicable 30% down before job commence _____N/A_____

Payment in full of each invoice is due and payable within (30) days of completion of job. (NET 30) Any payment which remains unpaid after such (30) day period, and which is not being held pending resolution of any dispute, shall bear interest from the date such payment is due at the annual percentage rate (APR) of 18 percent (18%) per annum. If price or performance of work is under dispute HTF Solutions shall be paid a prorated rate or have the ability to satisfy each customers complaints. If satisfaction does not occur between both parties a mediator may be brought in to solve the problem, such as a product representative.

WARRANTY

HTF Solutions, LLC warrants that all floor materials applied by *HTF Solutions, LLC* will not peel or lose bond due to improper preparation and application. Epoxy and urethane coatings and resurfaces are covered for a warranty period of (36) months, including the cost of labor and materials; provided, however, that when applying a sealer or coating over previously or coated surfaces, *HTF Solutions, LLC* warrants only a bond to the existing surface and assumes no responsibility for the bond between the floor and the previous sealer or coating. **NO WARRANTY IS MADE FOR APPLICATION WHERE SUBSTRATUM FAILURE OR, HYDROSTATIC PRESSURE OCCURRS.**

_____, or it's representative, hereby understands and acknowledges the terms and conditions of this contractual agreement.
