Superintendent Jurrens presented information on the use of the Spark Credit card. This has allowed us to maximize the 2% cash back reward the credit card provides; however, at times, especially during summer ordering, the district will max out the credit cards limit. We are looking for your approval to write a single check to SPARK part way through the month, so we can continue to use it and receive the cash back benefit. You would still see the bill listing so a charge back could happen if needed at the meeting. If you like, Bob could also send out the credit card listing a few days before the check is sent out and you could contact him with any concerns. By paying twice a month, we could maximize the benefit from the 2% cash back. As you may recall, you decided to use the cash back to pay off the delinquent yearbook account that goes back before I became the superintendent. Following discussion, director Denner moved to approve the payment to the credit card company. Director Matthews seconded the motion. Director Schwickerath requested to amend the motion to authorize the early payment on an ongoing procedure. Director Matthews seconded the amendment. Ayes: Schwickerath, Matthews, Denner, Baltes, and Rosonke. Nays: none.

Superintendent Jurrens presented information on concussion. The district has a protocol for athletes to return to practice and play, but do not have one for returning to the classroom. The state now requires both protocols. Following discussion, director Matthews moved to approve the Return to Learn Protocol. Director Baltes seconded the motion. Ayes: Denner, Schwickerath, Baltes, Matthews, and Rosonke. Nays: none.

Superintendent Jurrens presented information on occupancy sensors in the new building. Jurrens would like to remove the occupancy sensors in the gym and add occupancy sensors in the classrooms. Schammel quote is \$15,667.00 if we remove the gym sensors and add sensors in select areas. Director Schwickerath moved to not accept the quote for occupancy sensors. Director Denner seconded the motion. Director Matthews requested to amend the motion by placing sensors in the commons area of the main entrance. Schwickerath agreed to accept the amendment to his motion. Damian seconded the amended motion. Ayes: Schwickerath, Matthews, Baltes, Denner, and Rosonke. Nays: none.

The Board discussed the IASB Legislative Priorities. Following discussion of the various resolutions, director Baltes moved to endorse the following resolutions: #2, 7, 20, and 30.

STANDARDS AND ACCOUNTABILITY - Supports continued progress in the development of rigorous content standards and benchmarks that reflect the real-world knowledge and skills students need to graduate from high school prepared for college or to enter the workforce, including the following state actions: Provide and fund technical assistance to help school districts fully implement the Iowa Core Content Standards which define what students should know and be able to do in math, science, literacy, social studies, and 21st Century skills in areas such as financial and technological literacy. Implement a statewide assessment that aligns to the Iowa Core Content standards and provide the necessary funding and technological capacity for every student to successfully complete the assessment. Support research-based professional development that provides educators with training, support and time to work together so that they can successfully teach a rigorous curriculum to all students. Ensure that curriculum decisions about how to teach remain in the hands of local schools and teachers. Include and fund all the components of successful standards systems: assessments aligned to high expectations, improved and aligned instruction and quality professional development. IASB supports development of model content standards, recommended assessments and professional development supports in additional content areas but opposes expanding accountability, reporting and accreditation requirements in these areas.

MENTAL HEALTH - Supports efforts to establish comprehensive community mental health systems to offer preventative and treatment services and comprehensive school mental health programs that include in-school access for students to mental health professionals and provisions for reimbursement by Medicaid and private insurers. Supports additional ongoing teacher, administrator, and support staff training to improve the awareness and understanding of child emotional and mental health needs. Supports incentives for workforce development for mental health professionals in schools.

SUPPLEMENTAL STATE AID - Supports setting supplemental state aid: For FY 2020, by January 31, 2019; For FY 2021 and future budget years, at least 14 months prior to the certification of the school's district budgets; and at a rate that sufficiently supports local districts' efforts to plan, create and sustain world-class schools. Setting supplemental state aid within the statutory requirements allows districts to make sound financial decisions on programs, staffing levels, and providing the best possible education to all students. IASB supports a formula driven method for establishing the supplemental state aid growth rate if it is not set within the statutory requirements.

SHARING AND REORGANIZATION - Supports continuation of sufficient incentives and assistance to encourage sharing or reorganization between school districts including the establishment of regional schools. Director Denner seconded the motion. Ayes: Baltes, Denner, Schwickerath, Matthews, and Rosonke. Nays: none.

Next regular meeting will be Monday August 19, 2019 at 6:30 pm.

Director Denner moved to adjourn at 7:22 pm. Director Matthews seconded the motion. Ayes: Denner, Schwickerath, Baltes, Matthews, and Rosonke. Nays: none.
