***(Name)* School Board Sets 2013 Legislative Priorities**

The *(Name)* school board set its legislative priorities for the 2013 session of the Iowa Legislature at the *(Month/Day)* school board meeting.

(Name) school board participated this year in the Iowa Association of School Boards (IASB) legislative policy process by talking about the impact of state policy on the district and voting on legislative resolutions for the next legislative session. Each school board prioritizes up to five resolutions.

The school board determined that the following priorities for 2013 are critical to students and taxpayers in the school district:

- *(Insert your school district's priorities here. Include comments from board members and administrators on why these priorities are important to your district and the positive outcomes that would result if they were enacted by the 2013 Legislature and governor.)*

The grassroots IASB legislative process involves all school board members in Iowa. Together, school leaders make a difference. Resolutions submitted by school districts will be reviewed by the IASB Board of Directors before being debated and adopted by the IASB Delegate Assembly at its annual meeting on Nov. 14 in Des Moines. *(Name)*, board member, will represent the district at the meeting.
