# C2

Thousands of young passengers count on you everyday to get them to school and back. Safe and sound. The Saf-T-Liner® C2 was built with these very passengers in mind. It's safe. It's reliable. And it's innovative. We've revolutionized the school bus with outstanding maneuverability, state-of-the-art driver ergonomics and the most visibility among all Type C buses. And with one of the most extensive dealer networks in the industry, there's always support nearby when you need it. That's innovation for the sake of every kid's commute. That's Thomas Built Buses.

## BODY SPECIFICATIONS

### Passenger capacity

14 to 81

### Wheelbase

158", 179", 199", 219", 238", 259", 279"

### GVWR

Up to 33,000 lbs.

### Engine

Cummins® ISB 200-260 HP

### Propane option

8.0L V-8 LPG by Powertrain Integration  
350 hp with fully-integrated  
liquid propane injection system

### Hybrid option

Cummins® ISB 200 hp with Eaton®  
hybrid-electric technology

Because every mile matters.™

# C2

## SAFETY

- Saf-T-Net construction
  - Side skirt reinforcement
  - Extended roof bows
  - Welded header and rafter system
- Double bolted body mounting clips
- Fuel tank mounted between frame rails
- One-piece bonded windshield
- Saf-T-Bond adhesive joints
- Meets or exceeds FMVSS

## DRIVABILITY/COMFORT

- Up to 55-degree wheel cut
- Tapered leaf suspension
- Open driver's area without obstructions
- Additional leg room
- Large overhead driver's storage compartments
- Improved rearview mirror placement
- Side storage for clipboards and personal objects
- Adjustable seat belt
- Interchangeable driver smart switch placement
- Non-reflective instrument panel
- LED backlit gauges
- Automotive-style heating and ventilation controls
- Automatic entrance door
- Full height 78" headroom
- 33.3" high windows

## DRIVER VISIBILITY

- 25% improved visibility over typical Type C bus
- Saf-T-Vue passenger loading window
- Low profile aerodynamic hood
- Low instrument panel
- Overlapping windshield wipers

## SERVICEABILITY

- Numbered fault code system for diagnostics
- Automated light checking system
- Mechanically-fastened warning lights
- Easy "walk-in-access" to engine compartment
- Easy access to the windshield wiper motor and linkage
- Passenger windows can be removed with just 4 screws

## OPTIONS

- Wheelchair lift
- Tilt and telescoping steering wheel
- Adjustable pedals
- Air suspension driver's seat
- Air ride suspension
- Cupholder
- AM/FM radio/CD/PA
- Remote control/heated mirrors
- Duct vented dash A/C
- Various seat options available: bench seat without belts, with lap belts, with 3-point belts; latch; integrated child seat; or coach-style seating
- Child reminder system
- Crossing arms
- LED light packages
- Engine exhaust brake
- Acoustical ceiling
- Luggage compartments
- Overhead book racks
- Reading lights
- Tinted windows
- White roof
- Staggered passenger seating

Our largest-in-class windshield increases loading zone visibility to keep your passengers safe.

The cockpit features increased overhead storage space and improved interior rearview mirror placement.

Optional tilt and telescoping steering wheel and optional adjustable pedals give drivers of all sizes the comfort they deserve.

The gray area shows the 25% improved visibility over the typical Type C bus.

Because every mile matters.™
