December 4, 2013

To: The New Hampton Community School District School Board
From: The NHHS Student Senate

The NHHS Student Senate is requesting permission to run a "Pennies for Patients" campaign in the spring of 2014. This will most likely be a week-long event in April. This is simply a cash collection/free-will donations from high school students and staff, and all money collected will go to the Leukemia/Lymphoma Society, mainly, helping children who have been diagnosed with leukemia. We have been made aware by one of the organizers that there is a person in Chickasaw County who is battling this and is considered one of their "poster children" for the campaign. We would like to do what we can to help.
