May 10, 2013

Dear New Hampton School Board:

In February, 2010, my aunt, Angela Glaser, was diagnosed with Multiple Myeloma. That June, we began participating in Relay for Life in honor of her battle and so many others like her. We have participated since then, raising money for cancer research and support through the American Cancer Society. This year, one of my aunts bought a new iPad mini to raffle as a fundraiser for our team. I am hoping the School Board would consider allowing me and a few high-school aged family members and friends to set up a fundraising table over the lunch period between May 16 and May 22 to sell raffle tickets.

This fundraiser has been approved by the Relay for Life committee in Chickasaw County. Tickets sell for one for \$5 and 5 for \$20. The raffle will be held on the night of the Relay at Mikkelson Park. The winner need not be present to win.

Thank you for your consideration.

Sincerely,

Althea Thronson
10th Grade
